

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE  
Transcriber's Office  
FLOOR DEBATE

January 30, 2002 LB 95

I'm going to have to redefine transgressor because the Bible says the way of the transgressor is hard. My way is harder than anybody's, and I don't believe I'm a transgressor. I believe I'm a pretty good guy when it comes to trying to improving bad legislation. But I have to drop a card that I have played on various bills that have come from the Transportation Committee, and Senator Bromm has agreed with the amendment. I've done it on other bills throughout last session. I'm in the process, with the assistance of the Bill Drafter's Office, of doing it this session. It's a standard amendment which says words to the effect, as the particular section existed on the effective date of this act. I would like to Senator Schimek a question, and maybe Senator Bromm can tune in on it, because I think they're missing...

SPEAKER KRISTENSEN: Senator Schimek.

SENATOR CHAMBERS: ...what it is that I'm talking about. Senator Schimek,...

SENATOR SCHIMEK: Yes.

SENATOR CHAMBERS: ...do you know what the definition right now is of "a limousine being used in a charter or special party service"?

SENATOR SCHIMEK: Yes...

SENATOR CHAMBERS: Do you...

SENATOR SCHIMEK: ...I think we have that somewhere but I'm going to have to look it up, Senator Chambers.

SENATOR CHAMBERS: But you've seen the amendment...I meant that definition?

SENATOR SCHIMEK: I believe so, yes.

SENATOR CHAMBERS: Do you think it's a reasonable definition?

SENATOR SCHIMEK: Yes.
